NUMBER 79

GOV. PINCHOT SPEAKS TO ASSEMBLY ON HIS PROGRAM

PROMINENT BRITISH OFFICER OF LEAGUE TO CALL ON WILSON

New York, April 3.—Lord Robert Cecil, prominent British executive of the League of Nations, will call upon Woodrow Wilson in Washington next week and ask the former President if some substitute modified form of the League of Nations may not be found that will permit the United States to enter.

SOMER EXECUTES CATHOLIC PRELATE IN SPITE OF PLEAS

Moscow, Russia, April 3.—Vicar General Budkevich, Roman Catholic Prelate found guilty of treason, was executed today.

Plans from Catholic organizations throughout the world, from several governments, including the United States and Belgium and urgent representations from Poland, failed to discourage the Moscow government from enforcing the death penalty.

Budkevich was sentenced to death together with Arch Bishop Zaplaski after a trial which lasted last week. They were accused of aiding Poland during a time when Russia was at war with that country and with resistance to the Soviet system of requisitioning church property. The sentence passed upon the Arch Bishop was later commuted to ten years' imprisonment.

COALPORT REGION FURNISHES BITTER FIGHT IN COURT

The attempt of the town council of the borough of Coalport to extend its corporate limits, on petition of a number of interested citizens, down to include Blin City, which expansion has been bitterly opposed by almost an equal number of interested citizens, occupied the attention of the Clearfield county court yesterday and today.

The annexationists were represented by W. C. Miller and A. E. Chase, Esqs., while John M. Urey and Wallace Smith Esqs., looked after the interests of the opposition. Much testimony was taken and Judge Bell will render a decision in the matter when he has had time to properly digest it and determine the law points raised.

PROSECUTOR ASKS VERDICT OF GUILTY IN FOSTER TRIAL

St. Joseph, Mich., April 3.—A verdict of guilty, as warranted by the evidence in the trial of Wm. Z. Foster, Prosecutor Charles W. Gore declared today in his closing arguments to the jury.

Gore reviewed testimony presented in the case of the alleged communist, charged with violation of the Michigan syndicalist law, in a cool and deliberate manner.

"The question on which the case hinges is whether or not Foster was guilty of an attempt to overthrow the government of this country," Gore said.

GERALDINE TOLD TALES OUT OF SCHOOL

New Orleans, La., April 3.—Law Tollen, stage lover, husband of Geraldine Farrar, concert singer, today broke his long silence and charged his wife had violated an agreement in conducting her suit for divorce in New York.

Tollen said an agreement had been executed that neither party would name co-respondents.

YOUNG FIREMAN WHO RESPONDED SUNDAY WAS BADLY INJURED

Sherwood Cramer, a member of the East End hose company, is confined to his home, corner Eighth and Daisy streets, with a fractured heel, as the result of an accident which befell him Sunday morning last.

When the fire alarm sounded Sunday morning for the fire at the Robb home on William street, young Cramer was one of the East End firemen who got to the hose house in time to go out with the fire truck. He was standing on the running board and as the truck went out the door his left foot was caught by the door frame and badly pinched. Cramer retained his place on the truck though suffering intense pain and when it arrived at the fire he got off but found he was unable to walk on the injured foot. He was placed in a car and taken to the office of Dr. W. S. Piper where it was found the bone at the back of the heel was badly fractured.

The fracture was reduced and Cramer was then taken to his home where he will be laid up for a period of at least eight weeks.

TWO WOOD LOTS IN GIRARD TOWNSHIP BURNED BY FIRE

Sparks from a New York Central River Line passenger train are said to have set fire to the woods in two places near Walton about noon yesterday and burned over many acres of woodland before a crew of more than one hundred fire fighters recruited in the neighborhood, aided by the N. Y. C. work train crew could get the fire under control.

The properties burned over belonged to Daniel McGovern, Jules Derrin and Joseph Beauseigneur. The Hetrick Coal Company's tippie was endangered for a time and only saved from destruction by the hardest kind of work on the part of the fire fighters, who labored until 4 o'clock before subduing the flames.

This is the season for forest fires and every person should be on guard when in and about the woods. While sparks from engines are very generally blamed for all fires, it is possible that in this case, as in many others coming to our notice, the fire was started by a simple, careless act on the part of an individual.

BETTER FEELING IS RESULT OF RELEASE OF RUHR HOSTAGES

Berlin, Germany, April 3.—French pressure in the Ruhr relaxed today according to dispatches from various parts of the occupied area.

The sharp state of siege which existed at Bochum since disturbances there two weeks ago, were lifted. Freer passage by the citizens was allowed and there was a resumption of business.

At Essen the tension caused by the terrible killing of the Krupp workers was considerably lessened. The French released all those arrested following the murder of two French officials March 18th.

Unless the occupying army forbids, between fifty thousand and one hundred thousand workers will attend the funeral of the slain Krupp workers tomorrow.

"NECESSARY TO HAVE APPROVAL IF I AM TO CLEAN UP THE MESS" GOVERNOR TELLS ASSEMBLED MEMBERS OF HOUSE

Only New Taxation Needed Is For Keeping Up Educational Standard, Says Governor; Other Expenses Are Taken Care Of By The Budget

HE MAKES NO TAX RECOMMENDATIONS

HARRISBURG, Pa., April 3.—Governor Pinchot, in a long address delivered to the assembled Senate and House at noon today urged the 1923 legislature to adopt the Administration Finance and Reorganization program.

This program, embodied in the budget bill and administrative code, is already before the legislature. Pinchot urged legislators to accept his general plan and to make this administration program the policy of the State government.

The budget, Pinchot said, will live notwithstanding months of criticism since its introduction January 23, and has proved the State's financial affairs.

The administration reorganization plan, he continued, was absolutely imperative if the Governor were to be enabled to "clean up the mess" according to his campaign pledges.

Striking straight to the heart of the present financial problem Pinchot said there was no necessity of new taxation except to provide for the necessity of the State's educational system. Pinchot said everything else was provided for in the budget. He forebore, however, to recommend to the legislature either a method of taxation or an amount, which in the opinion of the administration should be raised.

House Committee Makes Negative Report On The Full Crew Bill

Harrisburg, Pa., April 3.—The House railroad committee today voted to report out the full crew bill with a negative recommendation. The vote was 15 to 8.

THE STINEMAN BILL IS REFERRED TO STILL ANOTHER COMMITTEE

Harrisburg, Pa., April 3.—After the appropriations committee reported the Stinemans bill to investigate the operation facilities of the Pennsylvania railroad today, Senator Eyre moved it be referred to the railroad committee, of which Senator Vare is chairman.

The bill is the outgrowth of the reported shortage of coal cars and operation delays experienced by coal operators.

LIGHT VOTE WILL BE CAST IN THE CHICAGO ELECTION

Chicago, April 3.—A light vote was in prospect in Chicago's municipal election today and the campaign has been the slowest in recent Chicago history. With all of the hot squabbles and forced races made by William Hale Thompson missing and a heavy spring rain was also expected to keep down the woman vote. Close political observers predict the vote Monday will not be greatly in excess of 600,000.

Huge Wave Swallows Up Seven Children; Timely Rescue Saves Them All

Biarritz, France, April 3.—Seven children playing on the sand at Biarritz were swallowed up by a huge wave that inundated the beach today. They were being dragged out to sea when an American and an Englishman, who were walking on the beach, plunged into the surf and succeeded in rescuing all seven.

The wave is believed to be a part of a terrific tidal current reported by wireless from many ships in mid-ocean.

John E. Picard and daughter of Frenchville were Clearfield shoppers today.

MODIFICATION OF EDMONDS ACT GETS COMMITTEE O.K.

Harrisburg, Pa., April 3.—The House educational committee today reported out the Herne bill modifying the Edmonds act, as suggested by Governor Pinchot recently.

The modification would give power districts more state aid where needed but would not increase the payment to other districts. It was estimated the total amount needed for educational purposes would total \$39,000,000.

Physician Declares Bandits Stole Formula Valued At \$200,000

New York, N. Y., April 3.—A formula for the treatment of tuberculosis and diabetes was part of the loot of two bandits who early today held Dr. and Mrs. Edgar and Bruno Sulzer, according to a report by police. The physician was robbed of \$200,000 by a Philadelphia corporation as part payment for the formula.

Administration May Appoint An Official Publicity Director

Augusta, Ga., April 3.—President Harding and his advisors are considering the advisability of appointing an administration publicity director to function during the President's western tour.

A. G. Lasker, head of the U. S. Shipping Board and intimate friend of Mr. Harding, is mentioned for the post. Lasker is an advertising man and expects to quit his shipping board post in the near future. Mr. Harding has been much annoyed by the numerous voluntary press agents and the selection of an official publicity man would operate to check ill considered publicity from enthusiastic friends. Mr. Harding has been told.

P. S. C. CONTROL OF COAL REPORTED ON BY SUB-COMMITTEE

Harrisburg, Pa., April 3.—The Burns bill, which would place the sale and distribution of coal under control of the Public Service Commission, was reported out favorably by the House judiciary general committee today.

COOPER TOWNSHIP BOND ISSUE VOTE COMES SATURDAY

Little Opposition Heard But Failure to Pass It Would Put a Real Burden On Taxpayers.

ADVOCATES BUSY

Winburne, Pa., April 1.—With band concerts, parades of the high school pupils and the eighth-graders, those who want to enter high school next year, and public meetings of citizens interested in the welfare of Cooper's children at both Winburne and Grass Flat, the campaign for a new high school to replace the one burned down recently is on in earnest today in Cooper township. An election is to be held on Saturday at which the citizens will vote on a proposed bond issue in the sum of \$20,000 for the erection of a new building.

Early Monday morning the newly two hundred high school pupils were out wearing the school colors, a mute appeal to the citizen to continue them in a high school where they can fit themselves for better citizenship. The morning hours and many citizens busied themselves on committee work looking to the success of the bond issue next Saturday. Meetings were held at Winburne and Grass Flat, both largely attended, at which citizens offered their services as speakers.

Very little opposition to the bond issue is being encountered as most people realize that the money is to be used merely to replace what the district had in school facilities and not for expensive improvements, and the great majority are not in favor of taking a step backwards that would disadvantage with their neighbors.

The school board, desiring to point out to the individual just how they will be effected in voting for or against the bond issue has issued a statement which shows that it will be cheaper for Cooper township to have its own high school than to pay the tuition of its pupils in outside districts, an experience that all districts having no high school have suffered.

A great deal of the opposition comes from men who pay tax on an occupation. The occupation tax assessment in Cooper is, as a rule, \$100 which makes his school tax \$10.70, counting in the special \$5 per capita tax. Following is the appeal to the voters:

"The School Board of Cooper township desire that the citizens should consider certain facts regarding the proposed re-building of the high school, bonds for which are to be voted at a special election on April 1923.

The high school enrollment for next year will be 175 pupils. We must either provide a high school for them or pay for their tuition in any other convenient high school.

To attend a school away from home would cause hardship to both parents and pupils. Many of our boys and girls would be entirely deprived of high school privileges. No community can afford to make it difficult for the poorest pupil to obtain the very best education possible. It is not good morals to deprive children of high school age, the oversight of their parents.

A growing high school such as we have, is a valuable asset to a community for the reason that it increases the value of property and attracts to the community a better class of people.

Government statistics bring out the fact that the earning capacity of the average high school graduate is more than double that of the person who quits school at the completion of the eighth grade.

If the entire high school enrollment attends a high school away from home, it would cost the district at \$6.00 per month per pupil, about \$9,450 every year. The cost at our own school would be about two-thirds of this amount. Besides, the cost of

ENFORCEMENT WILL BE CARRIED OUT IN A SANE MANNER

The first day that the new Pennsylvania dry law was in operation a great deal of speculation arose as to the course that State Police would pursue in ridding the highways of bootleggers in accordance with the Pinchot pledge and platform. A few of the people of this vicinity had their cars stopped on the highways by officers and this gave rise to the rumor that the state police already were throwing out a dragnet which would embarrass and inconvenience all automobilists.

To begin with, it must be understood that the dry law does give the peace officers the right to search any automobile they have reason to believe might contain liquor in any form or quantity, but developments since that time have indicated that the administration does not intend to make the law burdensome by a general applying of the rights of officers regardless of reason.

It was reported to The Progress on the first day of the operation of the new dry law that the State Police were stopping and searching all cars passing a given point on a state highway near Clearfield. Not believing that this was true the following telegram was immediately dispatched:

(Continued On Page Two)

transportation and boarding should be considered, which of course would be paid by the parents.

We propose a bond issue of \$20,000 to extend over a period of twenty-five years. This length of time is advisable for the reason that the younger generation who get the benefits will pay off the bonds.

As regards taxation increase, consider carefully the following: A male owning no property, pays tax on a valuation of \$100 at 2 1/2 mills increase. This amounts to 25 cents a year. A female would pay at \$25 valuation, six cents a year. On a property valuation of \$400, this amounts to \$1.00, and in the same proportion to other valuations. The success or failure of the proposed bond issue will not affect the present occupation tax which is now assessed.

We believe this entire matter is of great importance to all of us, but especially to the future welfare of our present 1600 children of school age. Consider seriously then, before you cast your ballot on April 7, 1923."

Why the Bond Issue?

We are not going to go into the argument as to the right of every youngster to a high school education. That is admitted by every man who puts better citizenship above the dollar mark.

However, those citizens of Cooper who oppose the bond issue should consider well these points:

Every one of those 175 pupils eligible for high school can demand and Cooper township will have to pay their tuition, thus requiring a sum much greater than the maintenance of their own high school.

Defeat of the bond issue will not necessarily defeat the building of a high school and its maintenance as the school board has the authority to lay taxes up to 100 mills for school purposes and can lay, this very year, if they wish, a thirty mill additional tax to build the school. Probably some have been under the impression that defeat of the bond issue would prohibit the building of a high school. The bond issue method is put up to the people only because it is a method that will distribute the cost over a period of twenty-five years.

Should the bond issue pass, it will cost the man assessed at \$100 only \$10.95 a year tax instead of \$10.70. The woman assessed at \$25 will pay only six cents a year additional tax and the property owner assessed at \$400 only one dollar additional tax. Even the man whose real estate is assessed at \$1200 will pay only \$3 a year additional tax under the bond issue. Should the board have to go ahead and build by a levy of thirty mills this man would have a real burden. Little Jack Trumble at Chester Hill, December, 1921.

COUNCIL HEARS OF ECONOMICAL WAY TO FIX UP STREETS

Borough Dads Give Full Audience to About a Dozen Citizens With Various Suggestions.

ACTION IS DELAYED

Council discussed a lot of propositions at the regular meeting in the Borough building last evening. President Rosser presided at the meeting, which was participated in by ten of the twelve councilmen.

Former Highway Department Chairman F. S. Gilliland and County Road Superintendent Edgar Westcott were present for the purpose of calling the attention of the present council to the success of an experiment tried on the lower end of Daisy street last fall. This street from Eleventh street to the borough line, a piece of old-time state aid paving, was very rough and uneven and last year Chairman Gilliland arranged with County Superintendent Westcott to level up the holes with a sort of home-made Warrenite compound consisting of Ugitite and crushed limestones. The patches were placed, the street leveled up, and a finished and substantial job done, which greatly improved the street and still stands the wear in fine shape. Mr. Westcott followed Mr. Gilliland and said the method was both economical and highly successful and he would lead the Highway Department every day in improving some of the older paved streets where such temporary repairs are needed and could be made by the borough crew with little expense.

A number of citizens were present with complaints and requests of different kinds. Cleo Schenck wanted the Third Ward house painted, a water plug and electric light on West Fifth avenue and sidewalks built on the latter street.

A delegation of Gulch avenue citizens composed of Emmott Harder, Paul Stauffer, Henry Rhine, J. B. McPherson and Blair Sylos was present and asked that council proceed to pave Gulch avenue this year under the plan proposed two years ago. The matter was referred to the Highway Department for report at next meeting.

Mr. Gable of the Acme Vulcanizing Co. was present and asked permission to install another gas pump in front of his place on North Third street. This, too, was referred to the Highway Department, as was the request of E. W. Hess for permission to build an outside stairway to the basement of his building on South Second street, the same to extend out onto the sidewalk a distance of eighteen inches.

Borough Solicitor Urey presented the proposed jitney licensing ordinance which was discussed at length but action deferred until next meeting. The ordinance provides that all cars carrying passengers for hire on the streets of Clearfield must have a license from the Burgess. The charge being for a car seating five persons, \$5.00; over five and up to ten, \$10.00; over ten and up to twenty, \$25; over twenty-five and up to forty, \$50; over fifty, \$75.

The surface water condition on Turnpike avenue was discussed and following the advice of the solicitor that council was not expected to go upon private property to make improvements, no action was taken, the proposition being considered a matter between the property owners affected.

DENNISON SENTENCE AGAIN POSTPONED

Daniel Dennison, the Philipsburg garage man scheduled for sentence Monday, had his case again postponed to tomorrow. Dennison was convicted of involuntary manslaughter following a trial which grew out of the killing of a man by a car which he was driving.

At the regular meeting of the Borough council last evening, the case of Daniel Dennison was again postponed to tomorrow. Dennison was convicted of involuntary manslaughter following a trial which grew out of the killing of a man by a car which he was driving.

At the regular meeting of the Borough council last evening, the case of Daniel Dennison was again postponed to tomorrow. Dennison was convicted of involuntary manslaughter following a trial which grew out of the killing of a man by a car which he was driving.

At the regular meeting of the Borough council last evening, the case of Daniel Dennison was again postponed to tomorrow. Dennison was convicted of involuntary manslaughter following a trial which grew out of the killing of a man by a car which he was driving.

Curwensville's Own Column

Once again the organization of the Klux Klan demonstrated to the people of Grantman that it does really exist in that neighborhood, for on Sunday night last another cross was burned on what is known as Viney's Hill.

The funeral of John M. Caldwell was held from the Baptist church yesterday afternoon. After the church services by Rev. Cameron and Odd Fellows the body was conveyed to Bloomington cemetery in charge of Funeral Director Doverspike for interment.

The large boarding house, at the present Refractor's brick plant is being made into family flats. The flats will be up-to-date, bath and lavatory being put in. Frank Hastings has the plumbing contract.

Clifford Murray's home from Mt. Union. He expects to remain some time and Mrs. Murray will join him there next week.

The transfer of the Park House and adjoining plot of ground was concluded yesterday. James Richards of Mahanoy being the purchaser. Consideration, \$18,000. The new owner will take possession on May 1st, Mr. Fox, the present landlord, vacating the premises at that date.

Mr. Carpenter, a former proprietor and owner of the Park hotel, was up from Pittsburgh Monday and spent a few hours in town.

Comrade Enos Bloom thinks he will go in for horticulture this season. A few days ago his daughter, Mrs. Dr. Parks, broke off a small branch from a lilac bush in the back yard. She placed the twig in a glass of water and placed it on the inside window sill. The bud came out in profusion and blossomed in thick clusters, the aroma arising therefrom making a pleasant perfume.

J. Elliott Kratzer, now some 85 years of age, and a five-year veteran of the civil war, is credited as being the only bona fide commissioned captain living in the county today. He served full three years in the Col. Kane Backtail regiment, Co. K, E. A. Irvin captain, and the balance of the time in the 190th Pennsylvania Regiment. It was while in this regiment he was commissioned a captain, and

having the choice of commanding one of a half dozen companies, chose that of Co. H, from which he was mustered out of the service at the close of the war in 1865.

The fire which destroyed the hair house at Pennsylvania H. and L. tannery Sunday evening caused a considerable loss. One insurance agent estimated the loss to be from \$85,000 to \$40,000. It is said the fire was caused from an overheated steam pipe.

All mines in this neighborhood were idle yesterday, the miners taking a holiday in commemoration of the time and year that the 8-hour law went into effect. This day is observed by all miners in the United States as rigidly as is Mitchell Day in the anthracite region.

WINBURNE

The departure of Rev. and Mrs. E. L. Ritzman, who were transferred to Robertsdale, is a source of great regret to their many friends here. During his four years ministry in this district Rev. Ritzman has done good work, not only in his church but for the community at large. He enters on his larger charge with the best wishes of all the folks here.

Easter was suitably celebrated by special and very attractive services in all churches. The M. E. Sunday school gave an interesting program at their afternoon meeting. Both services at the Presbyterian church were largely choral. An anthem entitled "Easter Triumph" was rendered by the choir. Worthy of note was the bass solo, "Oh Swing the Gates Wide Open," which was feelingly sung by Albert Hobbs. The orchestra, under John Wilton's direction, gave several selections in fine style. "Abide With Me" especially delighted the listeners. All churches were well attended.

We are sorry to see Mr. and Mrs. Paul Baer, who have resided here for about two years, move away to their new home on the other side of Kylesburg. Mrs. Baer is one of our much esteemed high school teachers.

After witnessing the enthusiastic and spirited parade of the schools yesterday afternoon, no doubt could remain in the minds of the voters that the Cooper township boys and girls want their high school.

Miss Sara Mudge, a student at Skidmore College, is spending her

A Good Thing - DON'T MISS IT.

Send your name and address plainly written together with 5 cents (and this slip) to Chamberlain's Medicine Co., Des Moines, Iowa, and receive in return a trial package containing Chamberlain's Cough Remedy for coughs, colds, croup, bronchial, "flu" and whooping coughs, and Uckling throat; Chamberlain's Stomach and Liver Tablets for stomach troubles, indigestion, gastric pains that crowd the heart, biliousness and constipation; Chamberlain's Salve, needed in every family for burns, scalds, wounds, piles, and skin affections; these valued family medicines for only 5 cents. Don't miss it.

Store Your Own Eggs While Cheaper

The time of the cheaper egg is about here and you might just as well lay in a year's supply thru the medium of our WATERGLASS.

You put the eggs down in this WATERGLASS according to the directions and have cheaper eggs when they are a dollar a dozen.

Pints 25c Quarts 40c

C.R. BLOOM PHARMACEUT

CLEARFIELD, PA.

Easter vacation at home. Friday and Saturday she visited with her friend Miss Elizabeth Laurie at Houtzdale.

Mr. and Mrs. John W. Gray and family of Carnworth spent Easter at their parental homes.

Mr. and Mrs. Ralph Paul are rejoicing over the arrival of their first child, a fine little boy, which took place at the home of his grandmother, Mrs. Frank Greaves.

Mrs. David Hodge, Mrs. George Noll, and Miss Huling left for Tyrope this morning, where they will represent the local Women's Missionary Society at the annual meeting of Huntingdon Presbytery, which convenes Tuesday and Wednesday.

Mr. and Mrs. David Black and family of Tyrope spent part of last week at the John Schmitt home.

Mr. and Mrs. George M. Smith of Tyrope are receiving congratulations on the birth of their fourth child, Mrs. Maske was well known here as Miss Bess Merritt.

Miss Mildred Chase of Williamsport, and Miss Katherine Hess of Hood College are among the students who have come home for Easter vacation.

Mrs. R. H. Somerville accompanied her daughter Alice to Birmingham today, the latter being a freshman in the Birmingham school.

Don't miss seeing the play "Nathan Hale" to be given in Winburne hall tonight by the Junior class of the high school. It will be a rare treat.

JR. WOMAN'S CLUB BALL A SUCCESS

The Junior Woman's Club ball at the Dimming last evening was attended by one hundred fifty couples and proved a highly enjoyable function.

Mrs. Louis E. Wise returned today from Bagg's where she was called by the death of an aunt.

If Ruptured Try This Free

Apply to Any Rupture, Old or Recent, Large or Small and You are on the Road That Has Convinced Thousands.

SENT FREE TO PROVE THIS

Anyone ruptured, man, woman or child, should write at once to W. S. Rice, 508B Main St., Adams, N. Y., for a free trial of his wonderful stimulating application. Just put it on the rupture and the muscles begin to tighten; they begin to bind together so that the opening closes naturally and then done away with. Don't neglect to send for this free trial. Even if your rupture doesn't bother you what is the use of wearing supports all your life? Why suffer this nuisance? Why run the risk of gangrene and capture, the kind that has thrown thousands on the operating table? A host of men and women are daily running such risk just because their ruptures do not hurt nor prevent them from getting around. Write at once for this free trial, as it is certainly a wonderful thing and has aided in the cure of ruptures that were as big as a man's two fists. Try and write at once, enclosing the coupon below.

Free for Rupture
W. S. Rice, Inc., Adams, N. Y.

EVERY PROPRIETARY MEDICINE YOU SEE ADVERTISED IN THIS PAPER, WITH A FEW EXCEPTIONS, IS ON SALE AT
Irwin's Drug Store

ENFORCEMENT WILL BE CARRIED OUT

(Continued From Page One.)

ed to Superintendent Lynn Adams of the State Police:

"Trooper Kirk, stationed here, reported today to be stopping cars and searching them without other than a general suspicion that any car might contain liquor. This paper, a supporter of dry law, which it understands permits search only when officers has reason to believe car contains liquor, such belief being based on information of a tangible character. Citizens here generally protest wholesale searching of cars on highways. Practice operating against popularity of law. Please reply."

G. A. STEWART, Editor, Clearfield Progress.

Immediately we had a reply from Superintendent Adams saying he would investigate this particular case and report to us. His investigation quickly followed and it revealed that on the night in question the officers had reason to believe that a cargo of booze was in transit over this particular road by truck and the officers did stop all trucks. The drivers of

AS LONG AS THE WEATHER CONTINUES LIKE THIS WE WILL HAVE FRESH FISH

This sort of weather is conducive to the successful shipping of fresh fish and as long as it continues we will have fresh fish from ocean, lake and river.

The shad are coming through in fine shape and you'll like to have one of the bucks or roes for dinner any of these days.

Thorn Bros.

Salts Fine for Aching Kidneys

When Back Hurts Flush Your Kidneys as You Clean Your Bowels

Most folks forget that the kidneys, like the bowels, sometimes get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then be active. This famous salt is made from the acid of grapes and lemon juice, combined with lithium and is intended to flush clogged kidneys and help stimulate them to activity. It also helps neutralize the acids in the urine so they no longer irritate, thus helping to relieve bladder disorders. Jad Salts is inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean. A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble. By all means have your physician examine your kidneys at least twice a year.

all the trucks but one were known to the officers and they were not subjected to search. The one who was not known did have his truck searched and it contained apples, some of which were given to the officers and no harm was done.

Trooper Kirk, who rumor had it was conducting a wholesale search of all cars regardless of whether he had any reason to believe they had liquor in them or not, laughed at the idea when it was called to his attention.

There is every indication that the new dry law is to be enforced with sanity and common sense and nobody need fear being "delayed" by snoopy officers unless they happen to get in the procession with bootleggers when, of course, the officers are going to look deep for the transporter.

Bootleggers are still quite plenty and there will be considerable searching of cars in this vicinity, so the fellow who still has a "wee drap" had better keep it at home.

FIREMAN KILLED IN BIG FOUR WRECK HAD RELATIVES AT GLEN RICHEY

It is not a very big world after all. About a week ago The Progress carried a story detailing a wreck on the Big Four near Cleveland, in which a touring car was hit by a passenger train, which derailed the train and resulted in eight deaths.

The young locomotive fireman on the train, whose name was given as Joshua W. Klee, was really Joshua W. Clee, a nephew of Benjamin Clee of Glen Richey, who has just returned from the funeral. The Cleveland Press publishes a picture of young Clee and a fine looking specimen of American manhood he was. A veteran of the world war, he served twenty months overseas with honor. At his funeral he was honored by a large delegation of brotherhood men, while the Gold Star Mothers attended in a body.

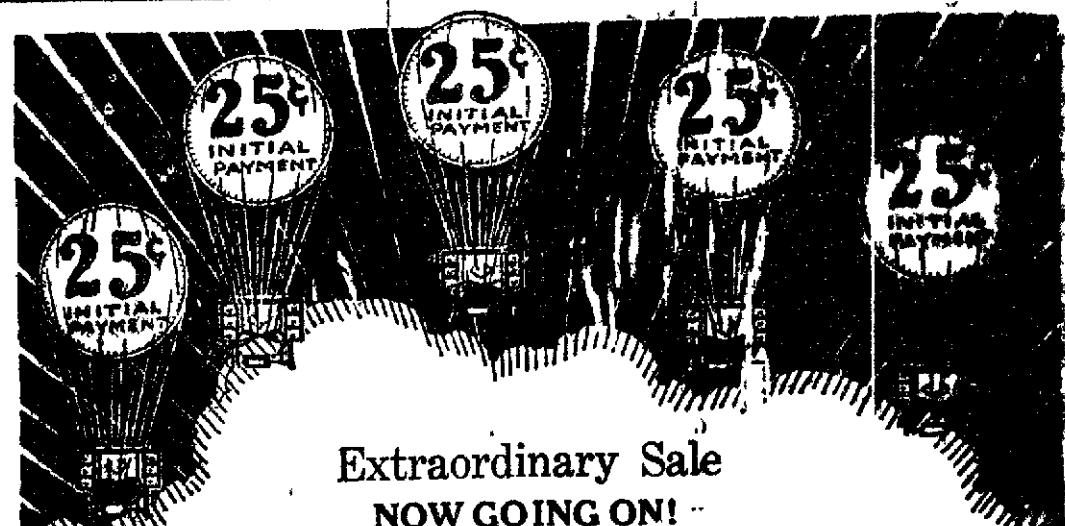

Helen Broome, Mildred Phillips, Katherine Eisenhauer, Genevieve Maurer, of Curwensville, Miss Watson of Snow (Shos), and Louise Waring of Decatur township, all students of Indiana Normal, left on Monday evening for Indiana.

Can't Stop Joint-Ease

"You can't stop people from buying Joint-Ease for sore throat and cold in chest," writes one of our druggist friends. "They say it's the best ever."

We know that, of course, but please remember that Joint-Ease is for stiff, swollen, painful joints, whether rheumatic or not, and its tremendous sale for that purpose proves that it is the one joint remedy that gets the most satisfying results.

A tube costs 60 cents at drugstores everywhere. Just rub it on and in a few seconds it disappears completely under the skin, and relief follows instantly.

CAUTION NOTICE

To whom it may concern:
Notice is hereby given that all persons are cautioned not to meddle in any way whatever with any of my interests in the Robert S. Stewart Estate. I have not signed any notes and will not pay anything said to have been signed by me. In July 1919 I gave an order to the one who represented me at the audit, to collect \$30, the amount said to be due me. The money was not paid out on the order returned to me. It has been canceled and is therefore null and void. All persons are cautioned not to meddle with the order in any way whatever as it belongs to me.
HENRIETTA V. STEWART,
Widow of Robert S. Stewart.
Clearfield, Pa., March 27, 1923.

ODDS AND ENDS AND THINGS

By J. D. C.

The total religious constituency of the country is placed at 98,878,367 persons. Church officials define constituency to mean all baptized persons, all adherents and all those who, in the supreme test of life or death, turn to a particular communion.

When the figures of the various churches are placed on a comparable basis through methods agreed upon by church and government officials, the constituency of the great bodies is reported as follows:

Protestant 73,113,481
Roman Catholic 18,104,804
Jews 1,600,000
Latter-Day Saints (Mormons) 604,082
Eastern Orthodox (Greek and Russian) 464,054

The Methodist churches have the largest constituency in the country, their figures showing 23,253,854 persons. The Baptists form the second largest group and are pressing the Methodists closely with constituency of 22,889,098 persons. The Roman Catholics are third with 18,104,804 persons. The Lutherans make up the fourth body with 7,043,854 constituency and the Presbyterians are fifth with 6,726,698 constituency.

Speaking of the high price of sugar the United States imports more sugar than it produces by at least two million tons. Normally the imported product would set the price on the market, but with an import duty of 1.75 cents a pound on Cuban raw and 2.20 cents a pound on all other sugar, the beet-sugar manufacturers of the United States can operate securely behind the barrier.

Between 1905 and 1913 eight million immigrants, mostly of Slav and Mediterranean origin, poured through New York.

Harry R. Landis, assistant commissioner of immigration, estimates that eighty-five per cent of these folk are not of assimilable type. Their ideals, beliefs and conceptions of political freedom utterly differ from our own. A plausible statement.

Steamship companies interested only in the profits of the traffic jam the steerage with half inspected passengers and turn the United States into a dumping ground for old world diseases.

Landis is for still further restrictions. He complains of the niggardly budget under which his bureau operates and calls for enough doctors at quarantine to protect the national health. He wonders how Washington expects to guard the Mexican border with one man watching five hundred miles of boundary.

Thirty-five thousand Chinese are in Cuba ready at the first chance to slip through. The Chinese, at least, do mind their own business when they get here.

New York spent one-eighth of the state budget last year on the care of strangers. It cost five million dollars to house and attend alien insane. Forty-six per cent of the inmates of Ward's Island are imported responsibilities.

CORRECTION

The Clearfield Progress:
In your issue of April 2nd you stated that the funeral of Mrs. Grant Smith would be held on Tuesday morning from St. Francis Catholic church. This is an error. Funeral services will be held Wednesday morning 10 o'clock at the residence of Mr. Howard Shaw on West Locust street.
GRANT SMITH.

A CRY IN THE NIGHT, gripping pains in the vitals, cramps, weakening diarrhoea—whether child or adult, immediate comfort and ease in **CHAMBERLAIN'S COLIC AND DIARRHOEA REMEDY**.
Keep it always on hand.

WATCH REPAIRS MADE RIGHT

When you bring your watch here for repairs, you know as soon as we take it that you are going to get a good job. You know that you will not get the watch back again until it is keeping the right time and is in shape for the every day use—the rough usage of any kind of trade.

Some of the watches that are brought in here are in pretty bad shape and you'd wonder if they would ever run again, but they are repaired in a way that we know and when you are given it back again you know that it is keeping right-up-to-the-minute time.

Entered in Post Office at Clearfield, Pa. as second class mail matter

The school situation in Cooper township is one that would seem to give reason for legislative action. This township lost its high school by fire. Now in order to rebuild that building the people must vote on a bond issue. No improvement or expansion is contemplated, just a maintenance of present school facilities. The law should give the directors the right to replace that building without any vote.

Lord Cecil Roberts, an eminent Britisher and an official of the League of Nations, is to call on Wilson. This is significant. The League issue is not dead.

Saturday the senior Senator from Pennsylvania in a speech prophesied a world association of nations; the administration thereby adding a dash of Pepper for seasoning to the 1924 political pie.

That Pinchot dry law is simply awful according to the wets. It isn't working out as they had hoped it would at all. They had figured out that immediately on its passage this State would be overrun with a horde of officials, big and little, who would pry into every personal affair, stop our car every time we drove onto the public highway and unwrap every parcel and package we might carry along the street, and that because of this a great cry would go up and the law would be repealed and properly so. The law gives the officers the right to do all of these things when they deem it necessary, but it appears that the same enforcement that the wets have been demanding is at last here.

Some people have peculiar ideas of their rights. On Sunday sixteen white robed, hooded individuals attempted to walk, unannounced, into the services being conducted by Rev. R. B. Urmey of the Bellevue Methodist church of Bellevue, a suburb of Pittsburgh. The men arrived in automobiles, formed in line and silently approached the front door, where an usher held them up at a signal from the pastor. There they were told in no uncertain language that they must unmask before they could be admitted. Ushers and members of the congregation supported the pastor and the sixteen hooded men were forced to leave.

What is the reason for such nonsense? These men had no right to interfere with a religious service by appearing without notice in full regalia of their organization, regardless of what it might have been. How pleased that minister would have been to have those men come to his church in the ordinary and sensible way. Nine chances out of ten they were not regular church attendants and made that pilgrimage to a prominent church in an effort to get publicity.

That minister took the right course.

CLEARFIELD TRUST CO.
Temporary Offices, Littman Bldg.

Tom Sims SAYS---

Our guess is that the Pennsylvania man accused of having 14 wives took his divorce for granted.

Plant a garden in the back yard. You may raise a few dollars.

When an airplane loaded with booze landed on a Maine farmer's roof the drinks were on the house.

Busting clay pigeons is popular with trap shooters. Auto speeders think man is made of clay.

At a Boston charity fete society girls sold kisses for a dollar each, or one smucker per smacker.

They say Einstein, of Einstein's theory, has another discovery. Perhaps he has understood Einstein's theory.

Buglar entered a Detroit home, ate a meal and went to sleep, so the cops caught him napping.

Rudolph Valentino, the movie sheik, will take a rest for his nerve, but not for his nerve.

Aviator who flew 233 miles an hour could go to town almost as quickly as he could stay at home.

A Tennessee farmer's wife makes money selling chicken feathers. Pin money from pin feathers.

Paris newspaper started by janitors is bankrupt. It cleaned up no better than janitors do.

It is only natural for girls to know more about kissing because they kiss either men or women.

As the presidential candidates spread their political bunk so will they be in it next year.

Easter is over. As usual, it was Decoration Day also.

Liquor Bandits Steal Whisky By Truckload From Big Distillery

Baltimore, Md., April 3.—Binding two government guards and a company watchman liquor thieves early today broke into the Baltimore Distilling Company here and stole a large quantity of whisky. Four or five trucks were loaded with the liquor but just how much was taken is not known. A check-up is to be made by the Internal Revenue Agent.

The idea of community carol singing on Easter morning evidently found favor, judging by the number of singers and the size of the crowd out to hear them. There had been some well grounded fear that the vacation interval would take the edge from the idea but East End and West Side were well represented. Market Street school was present in good form and the Junior High, depended on to be the backbone of the affair, came up to expectations as all knew they would. Though it was not good band weather, Mr. Hatch came into the breach and the two carols and "America" were sung with a will. The spirit and interest shown by every one indicates that real community singing should not be so very difficult to arrange in Clearfield.

The Regular weekly Girl Scout food sale came off as advertised on Saturday, Troop 7 having charge this time. Though the day was certainly bad, all goods were disposed of and matters administered in regular Scout form. Troop 9 is in charge this coming Saturday and Troop 11 housekeepers for the week.

The community folk class will meet Monday and Tuesday for extra classes, 7:15 being the hour. All are asked to bring costume material if possible so those matters can be disposed of. The final class will be held Thursday evening in the High School gym when the material taught will be given in an informal demonstration.

Pity the Homeless Man.

A man who in the struggle of life has no home to retire to in fact or in memory, is without his best reward and life's defense.—J. G. Holland

CELLAR FLOODED?

Flooded basements mean inconvenience, loss of stored property, and lodging place for dampness to menace the health of the entire family.

For a trifling amount we can install an automatic cellar drainer that will make any such condition in your basement impossible.

Come in and see this device today.

"LAST RAFT" AGAIN ARRIVES LOCK HAVEN MORE WILL FOLLOW

Lock Haven, Pa., April 2.—The days of the last raft on the West Branch of the Susquehanna river have not come yet.

Earl Monday morning a float raft of Chestnut poles arrived at McElhattan under the direction of B. Muller and F. M. Embich, having been brought from Gaines' Station, five miles above Keating, where the timbers were cut under the direction of Allen Gaines. The raft left Keating early Sunday morning arriving at Lock Haven by evening, where it was tied up and was taken down the five mile stretch to McElhattan next morning. At McElhattan it was immediately turned apart and the chestnut poles stored for distribution.

Other rafts are to come down the river Sunday morning and additional timbers will be floated down the river as the water stage permits from time to time from a tract of 15,000 acres of chestnut timber in the vicinity of Gaines' Station, which is to be cut for W. M. Buford, of Lock Haven. The chestnut timber which is being cut is all on state land, but it has been condemned because of its being affected by the blight.

The passing down the river of this lone raft Sunday recalled to the memories of the older rivermen residing along the mighty stream the days of thirty and forty years ago, when the Susquehanna was the method by which the fine timbers from the forests of the northern part of the state were transported to market.

LITTLE WEST SIDE BOY DIES

Ross, the bright little 5 year old son of Mr. and Mrs. T. J. Wulther, of Weaver Street, passed away at the Clearfield Hospital last evening after an illness of a little more than a couple of weeks. He suffered a severe attack of appendicitis and was operated upon about two weeks ago, but complications arose which resulted in his death.

Little Ross was adored in his home and his death is a sad blow to his loved ones.

Hon. and Mrs. Frank G. Harris, who spent the past winter at Orlando, Florida, have arrived home. They got here in time to hit the cold snap the latter part of last week and were not very much pleased with that brand of weather.

Misses Helen Ogden and Emma Leasure have returned after spending Easter with friends in Pittsburgh.

Mrs. R. L. Cathcart has been called to Beallsville on account of the death of her sister-in-law, Mrs. R. E. Knair.

Miss Cora Dusch, a student of Clarion State Normal, who has been spending her Easter vacation at Rockton, was a business caller in town this morning between trains before returning to school.

Refined Floor.

If a polished or varnished floor is to be refinished it should first be thoroughly scrubbed and after it has become perfectly dry, should be wet sandedpapered and then wiped with a cloth dampened with turpentine or gasoline in order to remove the discoloring caused by the use of the sander.

WHO FIRST FELT "LIKE A FIGHTING COCK"?

COCK-FIGHTING was born with the cock.

But it is only 80 years ago that the first man felt "like a fighting cock."

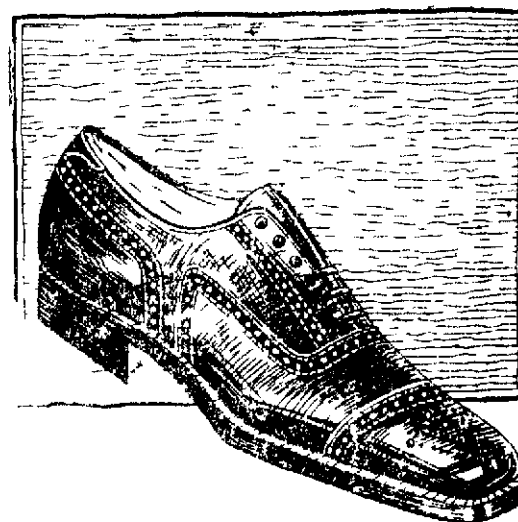

Now he has brothers, sisters, nephews, nieces all over the world—all feeling "like a fighting cock."

It happens this way: A person half sick with a stomach full and heavy headache takes Beecham's Pills just before going to bed. Immediately the Pills begin to harmonize the digestive and eliminative organs.

Consequently, this person has a good night's sleep and arises the morning with clear brain, bright eye, keen appetite, and full of energy for work and play.

It is now just 80 years since Beecham's Pills first began correcting disordered stomachs and stirring sluggish livers and bowels to natural activity—and feeling "like a fighting cock" is associated as inseparably with Beecham's Pills as the pills are with good health.

Rich in Food Values

That supply correct nourishment

Jelke GOOD LUCK Margarine conveys to the body necessary food elements that should be in the daily diet of every person for proper nutrition.

It supplies "heat" and "energy" units as well as vitamins, and, on account of its being made with nourishing beef fats, does so in as full measure as any spread for bread.

Jelke GOOD LUCK Margarine is to be used in the normal mixed diet of children and adults with every confidence in its real nutritional character, and with a decided saving to the family pocket book.

Buy GOOD LUCK—fresh—from your grocer—and serve regularly hereafter.

MICHAEL'S WEDDING GIFT
BY E. PHILLIPS OPPENHEIM
Copyright 1922 by E. Phillips Oppenheim
Artist NEA Service Inc.

Vendetta begins between MICHAEL SAYERS, noted criminal, and SIR NORMAN GREYES, once of Scotland Yard, when Sayers' beautiful housemaid, JANET, saves him from Sir Norman by shooting dead an officer sent to arrest him. Janet becomes Sayers' wife and accomplice.

Janet takes passage to Marseilles, where a confederate of Sayers, named Louisa Martin, is jealous of Janet and plots against her. Greyes, following on the trail of Michael, tracks him to his place of residence in Marseilles. It develops that Sayers has eluded his pursuers by disguising a confederate as himself and leaving him at the residence. Greyes reaches Michael's hiding place just in time to rescue Janet. He is wounded by a shot from Sayers' revolver. Sayers escapes.

FOUR months after my son's what ingenious escape from the clutches of Madame Pombour in the Maritime Province of France, I lived in a hotel in Paris. I was there one day when I saw in the paper that the late Pierre, Jacques and I had been mentioned in the same connection. I read the account with interest, and I was surprised to find that the late Pierre, Jacques and I had been mentioned in the same connection. I read the account with interest, and I was surprised to find that the late Pierre, Jacques and I had been mentioned in the same connection.

IT WAS I WHO CLAMBERED DOWN TO WHERE OUR VICTIM WAS LYING AND DREW A PLEASANT PURSE

above or below, sometimes drivers were too careful. On the fourth day, however, success rewarded our perseverance. A small automobile which I had spotted from a distance came round the corner where we were, so to speak, anchored. Driven with that full measure of recklessness which only a Frenchman, anxious to have his engine, can obtain. There was a cry from the driver, a crash into the wagon, and over went the automobile and man down the side of the precipice. It was I who clambered down to where our victim was lying, and drew a pleasant-looking black pocketbook from the inside of his coat. Afterward I felt his heart, and discovered that he was alive. I ordered Pierre to move the wagon over to our own side of the road, and we secreted the pocketbook among the logs we were carrying. Presently a public touring car from Cannes, on its way to Hyeres, arrived. The accident was explained, room was made for the injured man; and a liberal poultice was given us, collected among the passengers. We then made our way home, and later on, when we had quieted our evening fire, we opened the pocketbook. I divided the money into three portions, but I spoke to them as a matter of course.

"Listen, Jacques, and you, Pierre," I said, "I am a man of justice, but although I am one of you, I have traveled beyond these forests, and I know the world. If you take this money with you to the village tonight, you will be drunk, the truth

They had just sufficient wit to realize that I was their superior in intelligence and that my advice was good. So we groined an oath in the strange dialect of those parts, and I gripped their gnarled and knotted hands, which reminded me always of the roots of the trees we followed.

Our next adventure, engineered in similar fashion to the last, brought us a matter of a couple of thousand francs. This time, however, there was trouble. For the driver's neck was broken as he pitched head foremost from the seat of the car; and his wife, who was only slightly injured, gave vigorous evidence as to the position of our wagon and the disappearance of her husband's pocketbook after we had dragged his body up from a ledge of the precipice. A gendarme from the neighboring village visited us that same night and made a careful search through our belongings. There was nothing to be found, however, and by preserving a stolid silence and leaving all speech to me, my companions escaped suspicion just as I did. Afterward, however, I spoke to them seriously.

"Comrades," I pointed out, "this game is too good to last. For a time we must go warily. Afterward we will seek one more adventure, which we must select with great care, for it will be my last. If it is successful, I shall leave you. Afterward you two had better bury your savings in the ground and abandon the game, for it needs brains to be made successful, and you two have not the brains of a rabbit between you."

They knew that I was right, and they held their peace. It was a month later, indeed, before we made our last coup, and in a very different fashion from what I had anticipated. From my lookout place on a stretch of the road above the wagon, I saw a gray touring car, piled with luggage and golf-clubs, approaching from the direction of Cannes. There was a girl in front, seated by the driver, and an elderly gentleman behind. I called down to the others.

"Comrades, this is our chance," I announced. "Move the wagon on around the corner, and be prepared for what may happen."

What did happen was not in the least what I had expected. From where I sat, crouching amongst the scrub, I could see that something was wrong with the car. The chauffeur was rocking in his seat, and the car was swaying from side to side.

But it was the girl's face from which I could not remove my eyes. She must have fully realized the danger she was in, but she showed not the slightest signs of fear. She leaned over and tried to put on the foot-brake, succeeding so far, in fact, as momentarily to check the progress of the car. The chauffeur, suddenly seizing his opportunity, jumped from his seat and rolled over in the dust. The girl's foot apparently slipped from the brake, and the car once more gathered speed.

I saw her eyes, as the car came bumping down the hill, heard the wild shouting and exclamations of the old gentleman behind, and there came to me one of those extraordinary moments which I make no attempt to explain.

I half slid, half scrambled, down the slope into the road, drew in my breath, poised myself for a great effort, and at the psychological moment leaped for the front splash-board. I found myself sprawling across the seat, but my left hand was upon the wheel. We were within two inches of the precipice after my jump, and we just touched the farther side of the road with my grab at the wheel. I righted the car without much difficulty, applied the brake, gently but with increasing force, took the corner with only a moderate skid and brought the car to a standstill within a few feet of the wagon. When the girl saw it, the first look of fear crept into her face.

FRENCHVILLE RESIDENT DIES

Mrs. Mary Condriet Bamat, wife of Jules Bamat, died last evening at her home at Frenchville, aged about 60 years. The deceased, who was a daughter of the late S. N. Coudriet, spent all her life on the farm where she died. She was a consistent Christian woman and a loving and indulgent wife and mother. She had been in failing health for several years.

She is survived by her husband, two sons and three daughters, as follows: William, at home; Ernest, of Bald Hill; Mrs. Harold Jannott, Mrs. Elmer Huganay and Mrs. Richard Plubell, all of Frenchville. Three sisters and two brothers also survive. They are Lewis V. Coudriet, of Clearfield; Peter Coudriet, of LeConte's Mills; Mrs. Joachim Lachet, of Frenchville; Mrs. John E. Rougeux, of Girard township, and Mrs. J. D. Connelly, of Clearfield.

The funeral will be held from the Catholic church at Frenchville Thursday morning at 10 o'clock, with interment in the cemetery adjoining the church.

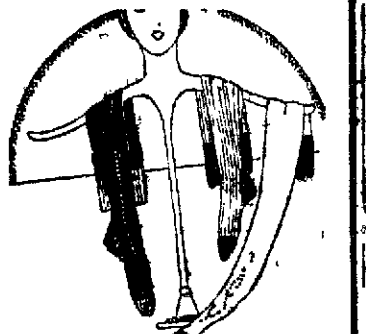

C. H. S. PLAYER LANDS BERTY ON N. W. P. I. A. LEAGUE PICK

A team picked by the faculty manager of Erie from the schools represented at the Grove City tournament included W. Brown of Clearfield, forward; Claves of Oil City, forward; Swanson of Grove City, center; Hobin of Sharpville, guard, and Turner of Erie, guard.

ROSS WOOD'S
GENERAL MERCHANDISE

Turner of Erie won the tournament for Central by making several long, spectacular shots ranging from 60 to 80 feet in both Clearfield and Oil City games. He made the winning points in the last few seconds of play.

Hobin of Sharpville won a berth by his speedy floor work; Swanson of Grove City by his large scoring, and Claves by his accurate shooting in the Erie Central game.

W. Brown of Clearfield won a place through his clever passing and fine shooting.

The manager did not show partiality toward any school as only one player from one school is mentioned on the varsity. Among others whose playing was noticeable at the tournament were Cox of Sharon, Fry of Oil City, H. Johnson of Clearfield, Harding of Sharon, North of Erie, Jones of Titusville, S. Johnson of Clearfield, Lannon of Erie, and McDonaldson of Grove City.

COMB HAIR AND IT

STAYS COMBED, GLOSSY

Greaseless Combing Cream Costs Only Few Cents a Jar at any Drug Store

Even obstinate, unruly or shampooed hair stays combed all day in any style you like. "Hair-Groom" is a dignified combing cream which gives that natural gloss and well-groomed effect to your hair—that final touch to good dress both in business and on social occasions. Millions use greaseless, stainless "Hair-Groom" because it does not show on the hair. It is absorbed by the scalp, therefore the hair remains soft and pliable and so natural that no one can possibly tell you used it. Not sticky or smelly.

AVE COLOR IN CHEEKS

Better Looking—Take
Olive Tablets

Your skin is yellow—complexion
longer—lost appetite—lost
have a bad taste in your mouth—
no—feeling—you should
be Olive Tablets.
Dr. Edwards' Olive Tablets—a sub-
stance for color—were prepared by
Dr. Edwards after 17 years of study.
Dr. Edwards' Olive Tablets are a purely
digestible compound mixed with olive oil.
You will know them by their olive color.
Take a clear pink skin, bright eyes,
pink lips, a feeling of buoyancy like
a good day on must get at the cause.
Dr. Edwards' Olive Tablets act on
a liver and bowels like colic—yet
are no danger as after effects.
They start the bile and overcome con-
stipation. Take one or two nightly and
the pleasant results. Millions of
people are sold a usually at 15c and 30c.

**WHEN SO ILL
COULD NOT WORK**
Gained Strength, Weight and Now
Doing My Work, by Taking Lydia
E. Pinkham's Vegetable Compound

Marie, Ind.—"I was all run-down,
nervous and bent over. I could hardly
drag around, let
alone do my work.
I read some letters
in the papers telling
what Lydia E. Pink-
ham's Vegetable
Compound had done
for others and I
thought I would try
it. Then a man told
my husband about
his wife and what
good it had done her
and wanted him to
have me try it. I took one bottle and
could see what it did for me in a week's
time, and when I had taken three bottles
I had gained both in strength and weight
and was doing my own work. I took it
before my last baby was born and it
helped me so much. I am glad to
recommend the Vegetable Compound to
any woman who suffers from female ail-
ments, for I know by experience what
it can do. I have used Lydia E. Pink-
ham's Laxative, also the Liver
Pills, and think them fine."—Mrs.
W. E. Simpson, 629 E. Grant Street,
Marion, Indiana.
A record of nearly fifty years service
should convince you of the merit of
Lydia E. Pinkham's Compound.

Thumbprints and Eyeglass Frames
You are aware that no two men and no two women
have the same thumbprints. But do you know that facial
measurements as well as never exactly repeated? That
not even the two halves of the same nose are counterparts?
For you and every other individual, therefore, there
is only one right position for eyeglasses, one correct
distance between the centers of eyeglass lenses, one proper
distance between the eye and the lens. Your spectacle
frame or eyeglass mounting, if properly fitted, is just as
unique to you as your thumbprint.
That means, of course, that the greatest care must
be exercised both in the selection and fitting of eyeglass
frames. For the fit of the glasses on the face influences
in no small measure the benefit to be derived from the
lenses. Poorly fitted glasses are unbecoming, uncomfort-
able, and fail to give maximum service. But the right
frame or mounting, rightly fitted, not only assures good
looks but actually helps you to see.
We offer you a range in Wellsworth frames and
mountings, both of choice and of adaptability, that is
practically inexhaustible.

GOV. PINCHOT SPEAKS TO ASSEMBLY ON HIS PROGRAM

PROMINENT BRITISH OFFICER OF LEAGUE TO CALL ON WILSON

New York, April 3.—Lord Robert Cecil, prominent British executive of the League of Nations, will call upon Woodrow Wilson in Washington next week and ask the former President if some substitute modified form of the present League of Nations may not be found that will permit the United States to enter.

SOMER EXECUTES CATHOLIC PRELATE IN SPITE OF PLEAS

Moscow, Russia, April 3.—Vicar General Budkevich, Roman Catholic Prelate found guilty of treason, was executed today.

Plans from Catholic organizations throughout the world, from several governments, including the United States and Belgium and urgent representations from Poland, failed to discourage the Moscow government from enforcing the death penalty.

Budkevich was sentenced to death together with Arch Bishop Zaplaski after a trial which lasted last week. They were accused of aiding Poland during a time when Russia was at war with that country and with resistance to the Soviet system of requisitioning church property. The sentence passed upon the Arch Bishop was later commuted to ten years' imprisonment.

COALPORT REGION FURNISHES BITTER FIGHT IN COURT

The attempt of the town council of the borough of Coalport to extend its corporate limits, on petition of a number of interested citizens, down to include Blin City, which expansion has been bitterly opposed by almost an equal number of interested citizens, occupied the attention of the Clearfield county court yesterday and today.

The annexationists were represented by W. C. Miller and A. E. Chase, Esqs., while John M. Urey and Wallace Smith Esqs., looked after the interests of the opposition. Much testimony was taken and Judge Bell will render a decision in the matter when he has had time to properly digest it and determine the law points raised.

PROSECUTOR ASKS VERDICT OF GUILTY IN FOSTER TRIAL

St. Joseph, Mich., April 3.—A verdict of guilty, as warranted by the evidence in the trial of Wm. Z. Foster, Prosecutor Charles W. Gore declared today in his closing arguments to the jury.

Gore reviewed testimony presented in the case of the alleged communist, charged with violation of the Michigan syndicalist law, in a cool and deliberate manner.

"The question on which the case hinges is whether or not Foster was guilty of an attempt to overthrow the government of this country," Gore said.

GERALDINE TOLD TALES OUT OF SCHOOL

New Orleans, La., April 3.—Low Tollen, stage lover, husband of Geraldine Farrar, concert singer, today broke his long silence and charged his wife had violated an agreement in conducting her suit for divorce in New York.

Tollen said an agreement had been executed that neither party would name co-respondents.

YOUNG FIREMAN WHO RESPONDED SUNDAY WAS BADLY INJURED

Sherwood Cramer, a member of the East End hose company, is confined to his home, corner Eighth and Daisy streets, with a fractured heel, as the result of an accident which befell him Sunday morning last.

When the fire alarm sounded Sunday morning for the fire at the Robb home on William street, young Cramer was one of the East End firemen who got to the hose house in time to go out with the fire truck. He was standing on the running board and as the truck went out the door his left foot was caught by the door frame and badly pinched. Cramer retained his place on the truck though suffering intense pain and when it arrived at the fire he got off but found he was unable to walk on the injured foot. He was placed in a car and taken to the office of Dr. W. S. Piper where it was found the bone at the back of the heel was badly fractured. The fracture was reduced and Cramer was then taken to his home where he will be laid up for a period of at least eight weeks.

TWO WOOD LOTS IN GIRARD TOWNSHIP BURNED BY FIRE

Sparks from a New York Central River Line passenger train are said to have set fire to the woods in two places near Walton about noon yesterday and burned over many acres of woodland before a crew of more than one hundred fire fighters recruited in the neighborhood, aided by the N. Y. C. work train crew could get the fire under control.

The properties burned over belonged to Daniel McGovern, Jules Derrin and Joseph Beauseigneur. The Hetrick Coal Company's tipples were endangered for a time and only saved from destruction by the hardest kind of work on the part of the fire fighters, who labored until 4 o'clock before subduing the flames.

This is the season for forest fires and every person should be on guard when in and about the woods. While sparks from engines are very generally blamed for all fires, it is possible that in this case, as in many others coming to our notice, the fire was started by a simple, careless act on the part of an individual.

BETTER FEELING IS RESULT OF RELEASE OF RUHR HOSTAGES

Berlin, Germany, April 3.—French pressure in the Ruhr relaxed today according to dispatches from various parts of the occupied area.

The sharp state of siege which existed at Bochum since disturbances there two weeks ago, were lifted. Freer passage by the citizens was allowed and there was a resumption of business.

At Essen the tension caused by the terrible killing of the Krupp workers ended considerably. The French released all those arrested following the murder of two French officials March 18th.

Unless the occupying army forbids, between fifty thousand and one hundred thousand workers will attend the funeral of the slain Krupp workers tomorrow.

"NECESSARY TO HAVE APPROVAL IF I AM TO CLEAN UP THE MESS" GOVERNOR TELLS ASSEMBLED MEMBERS OF HOUSE

Only New Taxation Needed Is For Keeping Up Educational Standard, Says Governor; Other Expenses Are Taken Care Of By The Budget

HE MAKES NO TAX RECOMMENDATIONS

HARRISBURG, Pa., April 3.—Governor Pinchot, in a long address delivered to the assembled Senate and House at noon today urged the 1923 legislature to adopt the Administration Finance and Reorganization program.

This program, embodied in the budget bill and administrative code, is already before the legislature. Pinchot urged the legislators to accept his general plan and to make this administration program the policy of the State government.

The budget, Pinchot said, will live notwithstanding months of criticism since its introduction January 23, and has proved the State's financial affairs.

The administration reorganization plan, he continued, was absolutely imperative if the Governor were to be enabled to "clean up the mess" according to his campaign pledges.

Striking straight to the heart of the present financial problem Pinchot said there was no necessity of new taxation except to provide for the necessity of the State's educational system. Pinchot said everything else was provided for in the budget. He forebore, however, to recommend to the legislature either a method of taxation or an amount, which in the opinion of the administration should be raised.

House Committee Makes Negative Report On The Full Crew Bill

Harrisburg, Pa., April 3.—The House railroad committee today voted to report out the full crew bill with a negative recommendation. The vote was 15 to 8.

THE STINEMAN BILL IS REFERRED TO STILL ANOTHER COMMITTEE

Harrisburg, Pa., April 3.—After the appropriations committee reported the Stinemans bill to investigate the operation facilities of the Pennsylvania railroad today, Senator Eyre moved it be referred to the railroad committee, of which Senator Vare is chairman.

The bill is the outgrowth of the reported shortage of coal cars and operation delays experienced by coal operators.

LIGHT VOTE WILL BE CAST IN THE CHICAGO ELECTION

Chicago, April 3.—A light vote was in prospect in Chicago's municipal election today and the campaign has been the slowest in recent Chicago history. With all of the hot squabbles and forced races made by William Hale Thompson missing and a heavy spring rain was also expected to keep down the woman vote. Close political observers predict the vote Monday will not be greatly in excess of 600,000.

Huge Wave Swallows Up Seven Children; Timely Rescue Saves Them All

Biarritz, France, April 3.—Seven children playing on the sand at Biarritz were swallowed up by a huge wave that inundated the beach today. They were being dragged out to sea when an American and an Englishman, who were walking on the beach, plunged into the surf and succeeded in rescuing all seven.

The wave is believed to be a part of a terrific tidal current reported by wireless from many ships in mid-ocean.

John E. Picard and daughter of Frenchville were Clearfield shoppers today.

MODIFICATION OF EDMONDS ACT GETS COMMITTEE O.K.

Harrisburg, Pa., April 3.—The House educational committee today reported out the Herne bill modifying the Edmonds act, as suggested by Governor Pinchot recently.

The modification would give power districts more state aid where needed but would not increase the payment to other districts. It was estimated the total amount needed for educational purposes would total \$39,000,000.

New York, N. Y., April 3.—A formula for the treatment of tuberculosis and diabetes was part of the loot of two bandits who early today held Dr. and Mrs. Edgar and Bruno Sulzer, according to a report by police. The physician was robbed of \$200.

Sulzer said he had been given a note for \$200,000 by a Philadelphia corporation as part payment for the formula.

Physician Declares Bandits Stole Formula Valued At \$200,000

Augusta, Ga., April 3.—President Harding and his advisors are considering the advisability of appointing an administration publicity director to function during the President's western tour.

A. G. Lasker, head of the U. S. Shipping Board and intimate friend of Mr. Harding, is mentioned for the post. Lasker is an advertising man and expects to quit his shipping board post in the near future. Mr. Harding has been much annoyed by the numerous voluntary press agents and the selection of an official publicity man would operate to check ill considered publicity from enthusiastic friends. Mr. Harding has been told.

P. S. C. CONTROL OF COAL REPORTED ON BY SUB-COMMITTEE

Harrisburg, Pa., April 3.—The Burns Bill, which would place the sale and distribution of coal under control of the Public Service Commission, was reported out favorably by the House judiciary general committee today.

COOPER TOWNSHIP BOND ISSUE VOTE COMES SATURDAY

Little Opposition Heard But Failure to Pass It Would Put a Real Burden On Taxpayers.

ADVOCATES BUSY

Winburne, Pa., April 1.—With band concerts, parades of the high school pupils and the eighth-graders, those who want to enter high school next year, and public meetings of citizens interested in the welfare of Cooper's Flat, the campaign for a new high school to replace the one burned down recently is on in earnest today in Cooper township. An election is to be held on Saturday at which the citizens will vote on a proposed bond issue in the sum of \$20,000 for the erection of a new building.

Early Monday morning the newly two hundred high school pupils were out wearing the school colors, a mute appeal to the citizen to continue them in a high school where they can fit themselves for better citizenship. The morning hours and many citizens busied themselves on committee work looking to the success of the bond issue next Saturday. Meetings were held at Winburne and Grass Flat, both largely attended, at which citizens offered their services as speakers.

Very little opposition to the bond issue is being encountered as most people realize that the money is to be used merely to replace what the district had in school facilities and not for expensive improvements, and the great majority are not in favor of taking a step backwards that would disadvantage with their neighbors.

The school board, desiring to point out to the individual just how they will be effected in voting for or against the bond issue have issued a statement which shows that it will be cheaper for Cooper township to have its own high school than to pay the tuition of its pupils in outside districts, an experience that all districts having no high school have suffered.

A great deal of the opposition comes from men who pay tax on an occupation. The occupation tax assessment in Cooper is, as a rule, \$100 which makes his school tax \$10.70, counting in the special \$5 per capita tax. Following is the appeal to the voters:

"The School Board of Cooper township desire that the citizens should consider certain facts regarding the proposed re-building of the high school, bonds for which are to be voted at a special election on April 1923.

The high school enrollment for next year will be 175 pupils. We must either provide a high school for them or pay for their tuition in any other convenient high school.

To attend a school away from home would cause hardship to both parents and pupils. Many of our boys and girls would be entirely deprived of high school privileges. No community can afford to make it difficult for the poorest pupil to obtain the very best education possible. It is not good morals to deprive children of high school age, the oversight of their parents.

A growing high school such as we have, is a valuable asset to a community for the reason that it increases the value of property and attracts to the community a better class of people.

Government statistics bring out the fact that the earning capacity of the average high school graduate is more than double that of the person who quits school at the completion of the eighth grade.

If the entire high school enrollment attends a high school away from home, it would cost the district at \$6.00 per month per pupil, about \$9,450 every year. The cost at our own school would be about two-thirds of this amount. Besides, the cost of

ENFORCEMENT WILL BE CARRIED OUT IN A SANE MANNER

The first day that the new Pennsylvania dry law was in operation a great deal of speculation arose as to the course that State Police would pursue in ridding the highways of bootleggers in accordance with the Pinchot pledge and platform. A few of the people of this vicinity had their cars stopped on the highways by officers and this gave rise to the rumor that the state police already were throwing out a dragnet which would embarrass and inconvenience all automobilists.

To begin with, it must be understood that the dry law does give the peace officers the right to search any automobile they have reason to believe might contain liquor in any form or quantity, but developments since that time have indicated that the administration does not intend to make the law burdensome by a general applying of the rights of officers regardless of reason.

It was reported to The Progress on the first day of the operation of the new dry law that the State Police were stopping and searching all cars passing a given point on a state highway near Clearfield. Not believing that this was true the following telegram was immediately dispatched:

(Continued On Page Two)

transportation and boarding should be considered, which of course would be paid by the parents.

We propose a bond issue of \$20,000 to extend over a period of twenty-five years. This length of time is advisable for the reason that the younger generation who get the benefits will pay off the bonds.

As regards taxation increase, consider carefully the following: A male owning no property, pays tax on a valuation of \$100 at 2 1/2 mills increase. This amounts to 25 cents a year. A female would pay at \$25 valuation, six cents a year. On a property valuation of \$400, this amounts to \$1.00, and in the same proportion to other valuations. The success or failure of the proposed bond issue will not affect the present occupation tax which is now assessed.

We believe this entire matter is of great importance to all of us, but especially to the future welfare of our present 1600 children of school age. Consider seriously then, before you cast your ballot on April 7, 1923.

Why the Bond Issue? We are not going to go into the argument as to the right of every youngster to a high school education. That is admitted by every man who puts better citizenship above the dollar mark.

However, those citizens of Cooper who oppose the bond issue should consider well these points: Every one of those 175 pupils eligible for high school can demand and Cooper township will have to pay their tuition, thus requiring a sum much greater than the maintenance of their own high school.

Defeat of the bond issue will not necessarily defeat the building of a high school and its maintenance as the school board has the authority to lay taxes up to 100 mills for school purposes and can lay, this very year if they wish, a thirty mill additional tax to build the school. Probably some have been under the impression that defeat of the bond issue would prohibit the building of a high school. The bond issue method is put up to the people only because it is a method that will distribute the cost over a period of twenty-five years.

Should the bond issue pass, it will cost the man assessed at \$100 only \$10.95 a year tax instead of \$10.70. The woman assessed at \$25 will pay only six cents a year additional tax and the property owner assessed at \$400 only one dollar additional tax. Even the man whose real estate is assessed at \$1200 will pay only \$3 a year additional tax under the bond issue. Should the board have to go ahead and build by a levy of thirty mills this man would have a real burden. Little Jack Trumble at Chester Hill, December, 1921.

COUNCIL HEARS OF ECONOMICAL WAY TO FIX UP STREETS

Borough Dads Give Full Audience to About a Dozen Citizens With Various Suggestions.

ACTION IS DELAYED

Council discussed a lot of propositions at the regular meeting in the Borough building last evening. President Rosser presided at the meeting, which was participated in by ten of the twelve councilmen.

Former Highway Department Chairman F. S. Gilliland and County Road Superintendent Edgar Westcott were present for the purpose of calling the attention of the present council to the success of an experiment tried on the lower end of Daisy street last fall. This street from Eleventh street to the borough line, a piece of old-time state aid paving, was very rough and uneven and last year Chairman Gilliland arranged with County Superintendent Westcott to level up the holes with a sort of home-made Warrenite compound consisting of Ugitte and crushed limestones. The patches were placed, the street leveled up, and a finished and substantial job done, which greatly improved the street and still stands the wear in fine shape. Mr. Westcott followed Mr. Gilliland and said the method was both economical and highly successful and he would lead the Highway Department every day in improving some of the older paved streets where such temporary repairs are needed and could be made by the borough crew with little expense.

A number of citizens were present with complaints and requests of different kinds. Cleo Schenck wanted the Third Ward house painted, a water plug and electric light on West Fifth avenue and sidewalks built on the latter street.

A delegation of Gulch avenue citizens composed of Emmott Harder, Paul Stauffer, Henry Rhine, J. B. McPherson and Blair Sylos was present and asked that council proceed to pave Gulch avenue this year under the plan proposed two years ago. The matter was referred to the Highway Department for report at next meeting.

Mr. Gable of the Acme Vulcanizing Co. was present and asked permission to install another gas pump in front of his place on North Third street. This, too, was referred to the Highway Department, as was the request of E. W. Hess for permission to build an outside stairway to the basement of his building on South Second street, the same to extend out onto the sidewalk a distance of eighteen inches.

Borough Solicitor Urey presented the proposed jitney licensing ordinance which was discussed at length but action deferred until next meeting. The ordinance provides that all cars carrying passengers for hire on the streets of Clearfield must have a license from the Burgess. The charge being for a car seating five persons, \$5.00; over five and up to ten, \$10.00; over ten and up to twenty, \$25; over twenty-five and up to forty, \$50; over fifty, \$75.

The surface water condition on Turnpike avenue was discussed and following the advice of the solicitor that council was not expected to go upon private property to make improvements, no action was taken, the proposition being considered a matter between the property owners affected.

DENNISON SENTENCE AGAIN POSTPONED

Daniel Dennison, the Philipsburg garage man scheduled for sentence Monday, had his case again postponed to tomorrow. Dennison was assessed at \$1200 will pay only \$3 a year additional tax under the bond issue. Should the board have to go ahead and build by a levy of thirty mills this man would have a real burden. Little Jack Trumble at Chester Hill, December, 1921.

Curwensville's Own Column

Once again the organization of the Klux Klan demonstrated to the people of Grantman that it does really mean business in that neighborhood, for on Sunday night last another cross was burned on what is known as Viney's Hill.

The funeral of John M. Caldwell was held from the Baptist church yesterday afternoon. After the church services by Rev. Cameron and Odd Fellows the body was conveyed to Bloomington cemetery in charge of Funeral Director Doverspike for interment.

The large boarding house, at the present Refractor's brick plant is being made into family flats. The flats will be up-to-date, bath and lavatory being put in. Frank Hastings has the plumbing contract.

Clifford Murray's home from Mt. Union. He expects to remain some time and Mrs. Murray will join him there next week.

The transfer of the Park House and adjoining plot of ground was concluded yesterday. James Richards of Mahanoy being the purchaser. Consideration, \$18,000. The new owner will take possession on May 1st, Mr. Fox, the present landlord, vacating the premises at that date.

Mr. Carpenter, a former proprietor and owner of the Park hotel, was up from Pittsburgh Monday and spent a few hours in town.

Comrade Enos Bloom thinks he will go in for horticulture this season. A few days ago his daughter, Mrs. Dr. Parks, broke off a small branch from a lilac bush in the back yard. She placed the twig in a glass of water and placed it on the inside window sill. The bud came out in profusion and blossomed in thick clusters, the aroma arising therefrom making a pleasant perfume.

J. Elliott Kratzer, now some 85 years of age, and a five-year veteran of the civil war, is credited as being the only bona fide commissioned captain living in the county today. He served full three years in the Col. Kane Backtail regiment, Co. K, E. A. Irvin captain, and the balance of the time in the 190th Pennsylvania Regiment. It was while in this regiment he was commissioned a captain, and

having the choice of commanding one of a half dozen companies, chose that of Co. H, from which he was mustered out of the service at the close of the war in 1865.

The fire which destroyed the hair house at Pennsylvania H. and L. tannery Sunday evening caused a considerable loss. One insurance agent estimated the loss to be from \$85,000 to \$40,000. It is said the fire was caused from an overheated steam pipe.

All mines in this neighborhood were idle yesterday, the miners taking a holiday in commemoration of the time and year that the 8-hour law went into effect. This day is observed by all miners in the United States as rigidly as is Mitchell Day in the anthracite region.

WINBURNE

The departure of Rev. and Mrs. E. L. Ritzman, who were transferred to Robertsdale, is a source of great regret to their many friends here. During his four years ministry in this district Rev. Ritzman has done good work, not only in his church but for the community at large. He enters on his larger charge with the best wishes of all the folks here.

Easter was suitably celebrated by special and very attractive services in all churches. The M. E. Sunday school gave an interesting program at their afternoon meeting. Both services at the Presbyterian church were largely choral. An anthem entitled "Easter Triumph" was rendered by the choir. Worthy of note was the bass solo, "Oh Swing the Gates Wide Open," which was feelingly sung by Albert Hobbs. The orchestra, under John Wilton's direction, gave several selections in fine style. "Abide With Me" especially delighted the listeners. All churches were well attended.

We are sorry to see Mr. and Mrs. Paul Baer, who have resided here for about two years, move away to their new home on the other side of Kyrle town. Mrs. Baer is one of our much esteemed high school teachers.

After witnessing the enthusiastic and spirited parade of the schools yesterday afternoon, no doubt could remain in the minds of the voters that the Cooper township boys and girls want their high school.

Miss Sara Mudge, a student at Skidmore College, is spending her

A Good Thing - DON'T MISS IT.

Send your name and address plainly written together with 5 cents (and this slip) to Chamberlain's Medicine Co., Des Moines, Iowa, and receive in return a trial package containing Chamberlain's Cough Remedy for coughs, colds, croup, bronchial, "flu" and whooping coughs, and tickling throat; Chamberlain's Stomach and Liver Tablets for stomach troubles, indigestion, gray pains that crowd the heart, biliousness and constipation; Chamberlain's Salve, needed in every family for burns, scalds, wounds, piles, and skin affections; these valued family medicines for only 5 cents. Don't miss it.

Store Your Own Eggs While Cheaper
The time of the cheaper egg is about here and you might just as well lay in a year's supply thru the medium of our WATERGLASS.

You put the eggs down in this WATERGLASS according to the directions and have cheaper eggs when they are a dollar a dozen.

Irwin's Drug Store

ENFORCEMENT WILL BE CARRIED OUT

(Continued From Page One.)

ed to Superintendent Lynn Adams of the State Police:

"Trooper Kirk, stationed here, reported today to be stopping cars and searching them without other than a general suspicion that any car might contain liquor. This paper, a supporter of dry law, which it understands permits search only when officers has reason to believe car contains liquor, such belief being based on information of a tangible character. Citizens here generally protest wholesale searching of cars on highways. Practice operating against popularity of law. Please reply."

G. A. STEWART, Editor, Clearfield Progress.

Immediately we had a reply from Superintendent Adams saying he would investigate this particular case and report to us. His investigation quickly followed and it revealed that on the night in question the officers had reason to believe that a cargo of booze was in transit over this particular road by truck and the officers did stop all trucks. The drivers of

all the trucks but one were known to the officers and they were not subjected to search. The one who was not known did have his truck searched and it contained apples, some of which were given to the officers and no harm was done.

Trooper Kirk, who rumor had it was conducting a wholesale search of all cars regardless of whether he had any reason to believe they had liquor in them or not, laughed at the idea when it was called to his attention.

There is every indication that the new dry law is to be enforced with sanity and common sense and nobody need fear being "delayed" by snoopy officers unless they happen to get in the procession with bootleggers when, of course, the officers are going to look deep for the transporter.

Bootleggers are still quite plenty and there will be considerable searching of cars in this vicinity, so the fellow who still has a "wee drap" had better keep it at home.

This sort of weather is conducive to the successful shipping of fresh fish and as long as it continues we will have fresh fish from ocean, lake and river.

The shad are coming through in fine shape and you'll like to have one of the bucks or roes for dinner any of these days.

Salts Fine for Aching Kidneys
When Back Hurts Flush Your Kidneys as You Clean Your Bowels

Most folks forget that the kidneys, like the bowels, sometimes get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then be clean.

This famous salt is made from the acid of grapes and lemon juice, combined with lithium and is intended to flush clogged kidneys and help stimulate them to activity. It also helps neutralize the acids in the urine so they no longer irritate, thus helping to relieve bladder disorders.

Jad Salts is inexpensive; makes a delightful effervescent lithe water drink which everybody should take now and then to help keep their kidneys clean.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble. By all means have your physician examine your kidneys at least twice a year.

FIREMAN KILLED IN BIG FOUR WRECK HAD RELATIVES AT
- GLEN RICHEY

It is not a very big world after all. About a week ago The Progress carried a story detailing a wreck on the Big Four near Cleveland, in which a touring car was hit by a passenger train, which derailed the train and resulted in eight deaths.

The young locomotive fireman on the train, whose name was given as Joshua W. Klee, was really Joshua W. Clee, a nephew of Benjamin Clee of Glen Richey, who has just returned from the funeral. The Cleveland Press publishes a picture of young Clee and a fine looking specimen of American manhood he was. A veteran of the world war, he served twenty months overseas with honor. At his funeral he was honored by a large delegation of brotherhood men, while the Gold Star Mothers attended in a body.

Helen Broome, Mildred Phillips, Katherine Eisenhauer, Genevieve Maurer, of Curwensville, Miss Watson of Snow (Shos), and Louise Waring of Decatur township, all students of Indiana Normal, left on Monday evening for Indiana.

Can't Stop Joint-Ease

"You can't stop people from buying Joint-Ease for sore throat and cold in chest," writes one of our druggist friends. "They say it's the best ever."

We know that, of course, but please remember that Joint-Ease is for stiff, swollen, painful joints, whether rheumatic or not, and its tremendous sale for that purpose proves that it is the one joint remedy that gets the most satisfying results.

A tube costs 60 cents at drugstores everywhere. Just rub it on and in a few seconds it disappears completely under the skin, and relief follows instantly.

Extraordinary Sale NOW GOING ON!

"White" Progressive Club
50 Memberships 50 White Sewing Machines

The Machine
The great "WHITE" machine is stripped of all complications common to most sewing machines. Its construction and operation are simple. Over 3,000,000 in use today, and they are giving satisfactory service.

The Plan
On this ingenious sales plan anyone, regardless how limited their means, can own a "White," paying for it and never missing the money. Special prices in addition to the terms make this a real opportunity sale.

CAUTION NOTICE
To whom it may concern:
Notice is hereby given that all persons are cautioned not to meddle in any way whatever with any of my interests in the Robert S. Stewart Estate. I have not signed any notes and will not pay anything said to have been signed by me. In July 1919 I gave an order to the one who represented me at the audit, to collect \$30, the amount said to be due me. The money was not paid out on the order returned to me. It has been canceled and is therefore null and void. All persons are cautioned not to meddle with the order in any way whatever as it belongs to me.
HENRIETTA V. STEWART,
Widow of Robert S. Stewart.
Clearfield, Pa., March 27, 1923.

ODDS AND ENDS AND THINGS

By J. D. C.

The total religious constituency of the country is placed at 98,878,367 persons. Church officials define constituency to mean all baptized persons, all adherents and all those who, in the supreme test of life or death, turn to a particular communion.

When the figures of the various churches are placed on a comparable basis through methods agreed upon by church and government officials, the constituency of the great bodies is reported as follows:
Protestant 73,113,481
Roman Catholic 18,104,804
Jews 1,600,000
Latter-Day Saints (Mormons) 604,082
Eastern Orthodox (Greek and Russian) 454,054

The Methodist churches have the largest constituency in the country, their figures showing 23,253,854 persons. The Baptists form the second largest group and are pressing the Methodists closely with constituency of 22,889,098 persons. The Roman Catholics are third with 18,104,804 persons. The Lutherans make up the fourth body with 7,043,854 constituency and the Presbyterians are fifth with 6,726,698 constituency.

Speaking of the high price of sugar the United States imports more sugar than it produces by at least two million tons. Normally the imported product would set the price on the market, but with an import duty of 1.75 cents a pound on Cuban raw and 2.20 cents a pound on all other sugar, the best-sugar manufacturers of the United States can operate securely behind the barrier.

Between 1905 and 1913 eight million immigrants, mostly of Slav and Mediterranean origin, poured through New York.

Harry R. Landis, assistant commissioner of immigration, estimates that eighty-five per cent of these folk are not of assimilable type. Their ideals, beliefs and conceptions of political freedom utterly differ from our own. A plausible statement.

Steamship companies interested only in the profits of the traffic jam the steerage with half inspected passengers and turn the United States into a dumping ground for old world diseases.

Landis is for still further restrictions. He complains of the niggardly budget under which his bureau operates and calls for enough doctors at quarantine to protect the national health. He wonders how Washington expects to guard the Mexican border with one man watching five hundred miles of boundary.

Thirty-five thousand Chinese are in Cuba ready at the first chance to slip through. The Chinese, at least, do mind their own business when they get here.

New York spent one-eighth of the state budget last year on the care of strangers. It cost five million dollars to house and attend alien insane. Forty-six per cent of the inmates of Ward's Island are imported responsibilities.

CORRECTION

The Clearfield Progress:
In your issue of April 2nd you stated that the funeral of Mrs. Grant Smith would be held on Tuesday morning from St. Francis Catholic church. This is an error. Funeral services will be held Wednesday morning 10 o'clock at the residence of Mr. Howard Shaw on West Locust street.
GRANT SMITH.

A CRY IN THE NIGHT, gripping pains in the vitals, cramps, weakening diarrhoea, whether child or adult, immediate comfort and ease in **CHAMBERLAIN'S COLIC AND DIARRHOEA REMEDY**.
Keep a box always on hand.

WATCH REPAIRS MADE RIGHT

When you bring your watch here for repairs, you know as soon as we take it that you are going to get a good job. You know that you will not get the watch back again until it is keeping the right time and is in shape for the every day use—the rough usage of any kind of trade.

Some of the watches that are brought in here are in pretty bad shape and you'd wonder if they would ever run again, but they are repaired in a way that we know and when you are given it back again you know that it is keeping right-up-to-the-minute time.

The school situation in Cooper township is one that would seem to give reason for legislative action. This township lost its high school by fire. Now in order to rebuild that building the people must vote on a bond issue. No improvement or expansion is contemplated, just a maintenance of present school facilities. The law should give the directors the right to replace that building without any vote.

Lord Cecil Roberts, an eminent Britisher and an official of the League of Nations, is to call on Wilson. This is significant. The League issue is not dead.

Saturday the senior Senator from Pennsylvania in a speech prophesied a world association of nations; the administration thereby adding a dash of Pepper for seasoning to the 1924 political pie.

That Pinchot dry law is simply awful according to the wets. It isn't working out as they had hoped it would at all. They had figured out that immediately on its passage this State would be overrun with a horde of officials, big and little, who would pry into every personal affair, stop our car every time we drove onto the public highway and unwrap every parcel and package we might carry along the street, and that because of this a great cry would go up and the law would be repealed and properly so. The law gives the officers the right to do all of these things when they deem it necessary, but it appears that the same enforcement that the wets have been demanding is at last here.

Some people have peculiar ideas of their rights. On Sunday sixteen white robed, hooded individuals attempted to walk, unannounced, into the services being conducted by Rev. R. B. Urmy of the Bellevue Methodist church of Bellevue, a suburb of Pittsburgh. The men arrived in automobiles, formed in line and silently approached the front door, where an usher held them up at a signal from the pastor. There they were told in no uncertain language that they must unmask before they could be admitted. Ushers and members of the congregation supported the pastor and the sixteen hooded men were forced to leave.

What is the reason for such nonsense? These men had no right to interfere with a religious service by appearing without notice in full regalia of their organization, regardless of what it might have been. How pleased that minister would have been to have those men come to his church in the ordinary and sensible way. Nine chances out of ten they were not regular church attendants and made that pilgrimage to a prominent church in an effort to get publicity.

That minister took the right course.

Tom Sims
SAYS---

Our guess is that the Pennsylvania man accused of having 14 wives took his divorces for granted.

Plant a garden in the back yard. You may raise a few dollars.

When an airplane loaded with booze landed on a Maine farmer's roof the drinks were on the house.

Busting clay pigeons is popular with trap shooters. Auto speeders think man is made of clay.

At a Boston charity fete society girls sold kisses for a dollar each, or one smucker per smacker.

They say Einstein, of Einstein's theory, has another discovery. Perhaps he has understood Einstein's theory.

Buglar entered a Detroit home, ate a meal and went to sleep, so the cops caught him napping.

Rudolph Valentino, the movie sheik, will take a rest for his nerve, but not for his nerve.

Aviator who flew 233 miles an hour could go to town almost as quickly as he could stay at home.

A Tennessee farmer's wife makes money selling chicken feathers. Pin money from pin feathers.

Paris newspaper started by janitors is bankrupt. It cleaned up no better than janitors do.

It is only natural for girls to know more about kissing because they kiss either men or women.

As the presidential candidates spread their political bunk so will they be in it next year.

Easter is over. As usual, it was Decoration Day also.

Liquor Bandits Steal Whisky By Truckload From Big Distillery

Baltimore, Md., April 3.—Binding two government guards and a company watchman liquor thieves early today broke into the Baltimore Distilling Company here and stole a large quantity of whisky. Four or five trucks were loaded with the liquor but just how much was taken is not known. A check-up is to be made by the Internal Revenue Agent.

The idea of community carol singing on Easter morning evidently found favor, judging by the number of singers and the size of the crowd out to hear them. There had been some well grounded fear that the vacation interval would take the edge from the idea but East End and West Side were well represented. Market Street school was present in good form and the Junior High, depended on to be the backbone of the affair, came up to expectations as all knew they would. Though it was not good band weather, Mr. Hatch came into the breach and the two carols and "America" were sung with a will. The spirit and interest shown by every one indicates that real community singing should not be so very difficult to arrange in Clearfield.

The Regular weekly Girl Scout food sale came off as advertised on Saturday, Troop 7 having charge this time. Though the day was certainly bad, all goods were disposed of and matters administered in regular Scout form. Troop 9 is in charge this coming Saturday and Troop 11 housekeepers for the week.

The community folk class will meet Monday and Tuesday for extra classes, 7:15 being the hour. All are asked to bring costume material if possible so those matters can be disposed of. The final class will be held Thursday evening in the High School gym when the material taught will be given in an informal demonstration.

Pity the Homeless Man. A man who in the struggle of life has no home to retire to in fact or in memory, is without life's best rewards and life's defenses.—J. G. Holland

CELLAR FLOODED?

Flooded basements mean inconvenience, loss of stored property, and lodging place for dampness to menace the health of the entire family.

For a trifling amount we can install an automatic cellar drainer that will make any such condition in your basement impossible.

Come in and see this device today.

"LAST RAFT" AGAIN
ARRIVES LOCK HAVEN
MORE WILL FOLLOW

Lock Haven, Pa., April 2.—The days of the last raft on the West Branch of the Susquehanna river have not come yet.

Earl Monday morning a float raft of Chestnut poles arrived at McElhattan under the direction of B. Muller and F. M. Embick, having been brought from Gaines' Station, five miles above Keating, where the timbers were cut under the direction of Allen Gaines. The raft left Keating early Sunday morning arriving at Lock Haven by evening, where it was tied up and was taken down the five mile stretch to McElhattan next morning. At McElhattan it was immediately turned apart and the chestnut poles stored for distribution.

Other rafts are to come down the river Sunday morning and additional timbers will be floated down the river as the water stage permits from time to time from a tract of 15,000 acres of chestnut timber in the vicinity of Gaines' Station, which is to be cut for W. M. Buford, of Lock Haven. The chestnut timber which is being cut is all on state land, but it has been condemned because of its being affected by the blight.

The passing down the river of this lone raft Sunday recalled to the memories of the older rivermen residing along the mighty stream the days of thirty and forty years ago, when the Susquehanna was the method by which the fine timbers from the forests of the northern part of the state were transported to market.

LITTLE WEST SIDE BOY DIES

Ross, the bright little 5 year old son of Mr. and Mrs. T. J. Wulther, of Weaver Street, passed away at the Clearfield Hospital last evening after an illness of a little more than a couple of weeks. He suffered a severe attack of appendicitis and was operated upon about two weeks ago, but complications arose which resulted in his death.

Little Ross was adored in his home and his death is a sad blow to his loved ones.

Hon. and Mrs. Frank G. Harris, who spent the past winter at Orlando, Florida, have arrived home. They got here in time to hit the cold snap the latter part of last week and were not very much pleased with that brand of weather.

Misses Helen Ogden and Emma Leasure have returned after spending Easter with friends in Pittsburgh.

Mrs. R. L. Cathcart has been called to Beallsville on account of the death of her sister-in-law, Mrs. R. E. Knair.

Miss Cora Dusch, a student of Clarion State Normal, who has been spending her Easter vacation at Rockton, was a business caller in town this morning between trains before returning to school.

Refined Floor.

If a polished or varnished floor is to be refinished it should first be thoroughly scrubbed and after it has become perfectly dry, should be wet sandedpapered and then wiped with a cloth dampened with turpentine or gasoline in order to remove the dirt caused by the use of the sander.

WHO FIRST FELT

COCK-FIGHTING was born with the cock.

But it is only 80 years ago that the first man felt "like a fighting cock!"

Now he has brothers, sisters, nephews, nieces all over the world—all feeling "like a fighting cock!"

It happens this way. A person half sick with a stomach full and heavy headache takes Beecham's Pills just before going to bed. Immediately the Pills begin to harmonize the digestive and eliminative organs.

Consequently, this person has a good night's sleep and arises in the morning with clear brain, bright eye, keen appetite, and full of energy for work and play.

It is now just 80 years since Beecham's Pills first began correcting disordered stomachs and stirring sluggish livers and bowels to natural activity—and feeling "like a fighting cock" is associated as inseparably with Beecham's Pills as the pills are with good health.

Black Or Brown Calf

More Than Style
In These Shoes

THEY
FIT,
WEAR
AND
COST
LESS
THAN IN MOST STORES

You want style, of course. You get it when you buy our Shoes. But it takes quality, fit and wear to make your investment satisfactory all the way 'round. These are among the important things we give you.

We know what's in our Shoes. We know how to fit them. Back all these points up with the newest of styles and by far the lowest prices, and you'll know why our Shoes are better.

Rich in
Food Values

That supply correct nourishment

Jelke GOOD LUCK Margarine conveys to the body necessary food elements that should be in the daily diet of every person for proper nutrition.

It supplies "heat" and "energy" units as well as vitamins, and, on account of its being made with nourishing beef fats, does so in as full measure as any spread for bread.

Jelke GOOD LUCK Margarine is to be used in the normal mixed diet of children and adults with every confidence in its real nutritional character, and with a decided saving to the family pocket book.

Buy GOOD LUCK—fresh—from your grocer—and serve regularly hereafter.

H. E. Fulkerson of Smiths Mills was a business caller in Clearfield yesterday.

**WOMAN SO ILL
COULD NOT WORK**
Gained Strength, Weight and Now
Doing Her Work, by Taking Lydia
E. Pinkham's Vegetable Compound

Marie, Ind.—"I was all run-down, nervous and bent over. I could hardly drag around, let alone do my work. I read some letters in the papers telling what Lydia E. Pinkham's Vegetable Compound had done for others and I thought I would try it. Then a man told my husband about his wife and what good it had done her and wanted him to have me try it. I took one bottle and could see what it did for me in a week's time, and when I had taken three bottles I had gained both in strength and weight and was doing my own work. I took it before my last baby was born and it helped me so much. I am glad to recommend the Vegetable Compound to any woman who suffers from female ailments, for I know by experience what it can do. I have used Lydia E. Pinkham's Vegetable Compound, also the Liver Pills, and think them fine."—Mrs. W. E. Simpson, 629 E. Grant Street, Marion, Indiana.

A record of nearly fifty years service should convince you of the merit of Lydia E. Pinkham's Compound.

Thumbprints and Eyeglass Frames
You are aware that no two men and no two women have the same thumbprints. But do you know that facial measurements as well as never exactly repeated? That not even the two halves of the same nose are counterparts?

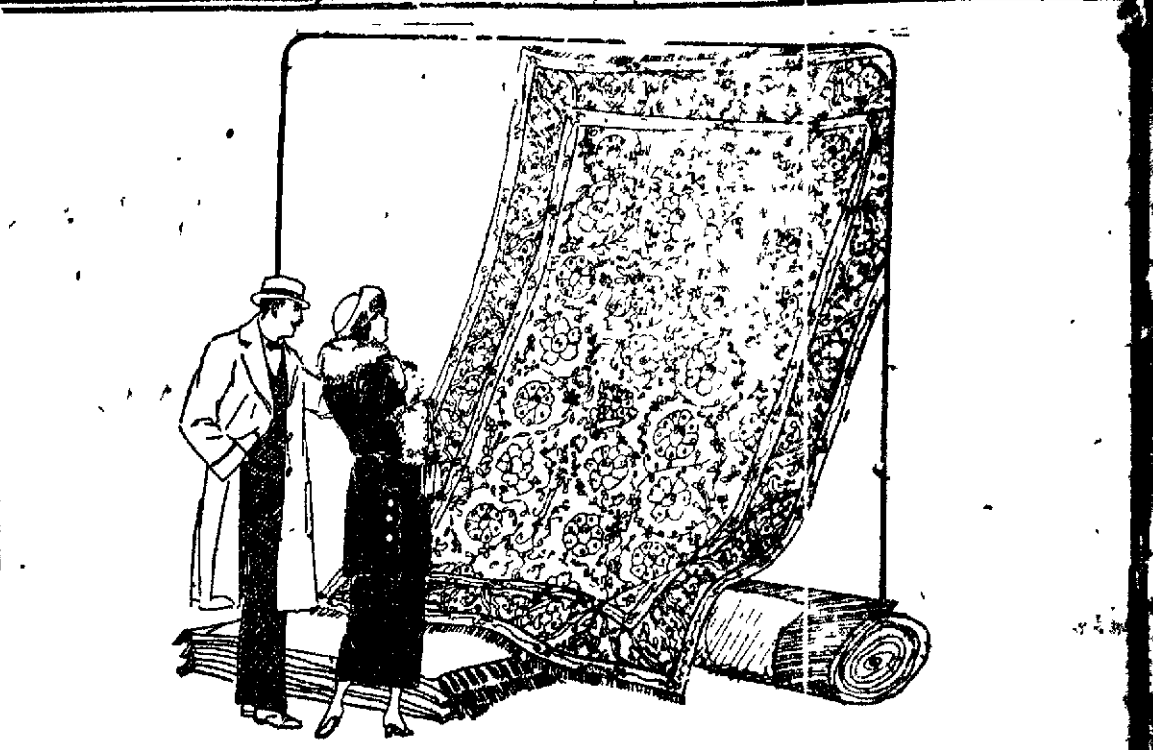

For you and every other individual, therefore, there is only one right position for eyeglasses, one correct distance between the centers of eyeglass lenses, one proper distance between the eye and the lens. Your spectacle frame or eyeglass mounting, if properly fitted, is just as unique to you as your thumbprint.

That means, of course, that the greatest care must be exercised both in the selection and fitting of eyeglass frames. For the fit of the glasses on the face influences in no small measure the benefit to be derived from the lenses. Poorly fitted glasses are unbecoming, uncomfortable, and fail to give maximum service. But the right frame or mounting, rightly fitted, not only assures good looks but actually helps you to see.

We offer you a range in Wellsworth frames and mountings, both of choice and of adaptability, that is practically inexhaustible.
